

# Joker on the run

## Strophe 1:

I keep making faces and I jump up and down  
I go to strange places where the people just frown  
I'm acting real nice and I put up a show  
But I see empty eyes wherever I go

## Refrain:

With sparkle in meiy my eyes, still wearing a smile  
I keep on walking, mile after mile  
from town to town, with dust on my coat  
I'm a joker on the run, I'm a clown on the road

## Bridge:

Keep on smiling, keep on singing  
keep on laughing, keep on loving,  
keep on hugging, keep on singing

## Strophe 2:

Yeah that is the way, I try to save my soul  
that is the way i try to save this world  
I travel this land, all alone  
I create my own destiny, all on my own.

## Strophe 3:

And if you see me aside the way  
sit down beside me have a happy day  
'cause tomorrow i will be, long time gone  
hoping you'll help me, spread this song
